EXPLORE · INSPIRE · IMPACT

17<sup>th</sup> December 2018

To whom it may concern,

African Impact has recently utilised the skills of Custom Steel Designs to design and construct a commercial outdoor braai for our accommodation facility. Custom Steel Designs went above and beyond and the final product looks fantastic.

African Impact would gladly recommend CSD as a trustworthy, honest, hard-working and quality construction company and we plan to call on them again in the future.

Kind regards,

Tom Everett  
Business Manager  
African Impact Cape Town
